Mr. Speaker, I ask that you and my distinguished colleagues join me in congratulating these dedicated, honorable, and outstanding members of Carpenters Local 1005, in addition to the hardworking union men and women throughout the country. The countless hours of exceptional service the men and women of Carpenters Local 1005 have provided to their community deserve our admiration and respect. Their dedication and commitment are the epitome of the values we hold in Northwest Indiana, and I am proud to represent such fine men and women in Congress.

SMALL BUSINESS WEEK

HON. MARK STEVEN KIRK

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 10, 2001

Mr. KIRK. Mr. Speaker, I am pleased to join with the President and the gentleman from Illinois (Mr. MANZULLO) in celebrating small busi-

EXTENSIONS OF REMARKS

ness week. Small businesses are the engine of our nation's economy providing 53 percent of the private work force and \$63 billion worth of goods and services to the federal government. Additionally, small businesses are at the heart of our nation's communities providing charity to community service organizations and donations to direct service providers. I would like to acknowledge the hundreds of small businesses that reside in my district which are essential to our nation's social and economic vitality.

Mr. Speaker, I would also like to extend my congratulations to Allstate Corporation, which is located in my district, on receiving a 2001 Phoenix Award for their quick response in New Jersey, Pennsylvania, New York and Virginia in the aftermath of Hurricane Floyd. The Allstate Corporation along with the countless other business and individuals who have dedicated their time and resource to our nation's communities should be commended.

MAY 11, 2001: PROVIDER APPRECIATION DAY

HON. MICHAEL FERGUSON

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 10, 2001

Mr. FERGUSON. Mr. Speaker, I rise to honor childcare providers throughout the world on the eve of Provider Appreciation Day.

Provider Appreciation Day, celebrated annually on the Friday before Mother's Day, was spearheaded by a group of volunteers from New Jersey in 1996. They saw the need for a day to show our appreciation to childcare providers. And as a result of their dedication and perseverance, Provider Appreciation Day has not only spread nationwide, it is also celebrated in Canada, Europe, and Asia.

Early childhood is undoubtedly the most critical time of development for our children. Today, approximately 13 million children in the United States under the age of six, are in childcare at least part-time. An additional 24 million school age children are in some form of childcare after school. Provider Appreciation Day recognizes the hard work childcare workers perform and the sacrifices they make in their dedication to the development of our children.

I encourage all parents with children in childcare to join me in showing their providers how much they are appreciated. While the profession is one of the most under-recognized and underpaid professions in the country, providers bring compassion, patience, encouragement and love to our children each and every day.

I would like to take this opportunity to thank Suzanne Williamson, Chairwoman of Provider Appreciation Day, for her commitment to establishing a national day of recognition for childcare providers. Ms. Williamson is also the Director for Monday Morning Child Care, Inc., a network of childcare providers located in Union County, New Jersey. Her endless efforts have made Provider Appreciation Day possible.

May 10, 2001

NATIONAL FIBROMYALGIA AWARENESS DAY

HON. JOHN E. PETERSON

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 10, 2001

Mr. PETERSON of Pennsylvania. Mr. Speaker, I rise today in support of National Fibromyalgia Awareness Day on May 12, 2001.

Fibromyalgia remains a great mystery of the medical world. It affects 3 to 6 million Americans and causes debilitating symptoms that often times make it impossible for an afflicted individual to lead a normal life. Fibromyalgia patients describe their pain as being so severe that it can be impossible to lift a glass of water or even get out of bed some mornings.

While the disease tends to affect women between the age of 35 and 50, cases have been reported in children, men and the elderly.

Fibromyalgia is a chronic disorder characterized by widespread musculoskeletal pain, fatigue and multiple tender points. These tender points are located in the knee, shoulder, hip and back and can make walking a short distance a challenge. It is also common for Fibromyalgia patients to have a sleep disorder, causing the fatigue to worsen.

The most frustrating aspect of this disease is that it causes a chronic pain for which there is neither a cure nor a known cause. I hope that through awareness efforts like National Fibromyalgia Awareness Day, more attention will be focused on finding a cure and 3 to 6 million Americans can return to living normal, pain free lives.

I applaud the efforts of the National Fibromyalgia Awareness Campaign and ask my colleagues to join me in recognizing May 12, 2001 as National Fibromyalgia Awareness Day.

THE TRAGIC HELICOPTER CRASH KILLING A JOINT US/VIETNAMESE MIA SEARCH TEAM

HON. LANE EVANS

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 10, 2001

Mr. EVANS. Mr. Speaker, while much of the world was focused just a few weeks ago on the crisis in the South China Sea, at the same time a tragedy occurred in that part of the world that should be remembered. On Saturday, April 7th, we lost seven American and nine Vietnamese personnel in a helicopter crash. The accident happened while this joint U.S.—Vietnamese team was on its way to an operation to help find the remains of missing US service members from the war.

In many of my visits to Vietnam, I had the privilege to meet the members of the Joint Task Force—Full Accounting, the US military unit tasked with helping to find our missing. I marveled at the stories of their dangerous missions to find the remains of our missing servicemen. They told me of operations done on treacherous mountaintops surrounded by landmines and unexploded ordnance. Intense jungle heat, hazardous weather conditions and
